

# BARRIE COLLINGWOOD RAILWAY (BCRY)

## Procedures for Application and Approval Of any works within the Railway Corridors.

- All aspects of occupancy and/or crossing of the Barrie Collingwood Railway (Town of Collingwood & Allandale Community Development Corporation), railway corridors, must be in accordance with applicable Transport Canada, Canadian Transportation Association (C.T.A.), Canadian Safety Association, recommended standards and practices. This must be duly noted on all submitted drawings.
- All applications are to be submitted to the town of Collingwood. Applications must be addressed to **Mr. Marcus Firman** and accompanied by:
  1. **6 copies of the plan/profile** for the proposed work (to scale, including pertinent and required details);
  2. Copies of any **existing crossing agreements** at the location (if poles or ducts are shared);
  3. Applicable processing fees (to be determined).
  4. Must provide a \$5M General **Liability Insurance Certificate** naming the Town of Collingwood, Barrie-Collingwood Railway (B.C.R.Y.), and Cando Contracting Limited as additional insured to both the Town of Collingwood and the Cando Contracting Ltd.
  5. It must be noted that a signed **Liability Release Permit** from Barrie-Collingwood Railway (B.C.R.Y.) will be required, as well as a release from Transport Canada's Notice of Work requirement (if applicable).
- The applicant must obtain approval of all other affected agencies and/or municipalities. The Town of Collingwood will use best efforts to ensure that these agency requirements are addressed.
- The Town of Collingwood will arrange for the development of appropriate agreements and/or verification that existing agreements are adequate.
