EXPLANATORY NOTE TO BY-LAW 06-54

Sections, or portions thereof, that are highlighted in yellow are subject to appeals to the Ontario Municipal Board and remain under appeal until a decision of the Board is made.

LANDS AFFECTED

By-law 06-54 affects all lands within the corporate limits of the Township of Clearview.

EXISTING ZONING

All lands use by-laws of the former Townships of Nottawasaga and Sunnidale, the Village of Creemore and the Town of Stayner, and all amendments thereto, including amendments by the Township of Clearview, are hereby repealed in their entirety other than on lands shown in Schedule 'A' and 'B' to this By-law shown with a symbol indicating that the former by-laws continue to apply.

THE CORPORATION OF THE TOWNSHIP OF CLEARVIEW BY-LAW 06-54

WHEREAS it is considered desirable to control development and site alteration within the Township of Clearview in accordance with the Official Plan and to prohibit and regulate the use of land and the erection and use of buildings or structures except for certain purposes in accordance with the provisions of the Planning Act, R.S.O. 1990 c.P. 13 as amended.

NOW THEREFORE the Council of the Corporation of the Township of Clearview enacts as follows:

1.0 INTERPRETATION & ADMINISTRATION

1.1 TITLE

This By-law shall be known as the "Township of Clearview Comprehensive Zoning By-law also further referred to herein as the "Zoning By-law", or "this By-law".

1.2 PURPOSE OF THE BY-LAW

The purpose of this By-law is to prohibit and regulate the use of land and the use and erection of buildings and structures except for such purposes and in such a manner as set out in this By-law. This By-law also establishes regulations for permitted uses and requirements. It is intended that this By-law implement the policies contained within the Clearview Official Plan, which was adopted by Council on September 19, 2001, and approved by the County of Simcoe on January 29, 2002, and has been, and will be, amended from time to time. This By-law must also conform to the Provincial Policy Statement and the Greater Golden Horseshoe Growth Management Plan.

This By-law is adopted by the Township of Clearview in order to ensure the safe and efficient movement of traffic, promote the development of an attractive and well-ordered community, further the comprehensive planning of the Township, and provide for the protection of agricultural resources and the environment.

Therefore, to best serve the interests of public health, safety, and general welfare, no development, **site alteration**, or use of land shall be permitted, nor shall any building permit, site plan approval, or any other municipal approval, be issued unless such development, **site alteration**, or use conforms and complies with the requirements of this By-law.

Accordingly, this By-law regulates the use of land within the Township of Clearview and the location, use, size, and shape of buildings and structures erected thereon, having regard for:

- a) The promotion of health, safety, convenience, and welfare of the public;
- b) The protection of the character and maintenance of the stability of residential, business, and industrial areas of the municipality and the promotion of the orderly and beneficial development of such areas;
- c) Encouraging the most appropriate use of land;
- d) The prevention of the pollution of land, the conservation of resources, and the preservation of the natural amenities of the Township;
- e) Securing of adequate light, air, and access including access to sunlight and wind for energy systems;
- f) Particular suitability of the zone for specific uses;
- g) Lessening the congestion of traffic on roads and facilitating of traffic flow by providing off-street parking of motor vehicles;
- h) Securing safety from fire, flood, and other dangers;
- i) Encouraging the protection of surface and ground water resources;

- j) Facilitating adequate provisions for transportation, water supply, sewage disposal, drainage, schools, parks, and other public facilities; and,
- k) Giving reasonable consideration to the character of the municipality, its landscapes, and the suitability for particular uses.

1.3 EFFECT OF THE BY-LAW

The effect of this By-law is to place all lands, including buildings and structures, within land use Zones, and to establish permitted uses and prohibited uses as well as regulations and provisions governing permitted uses and construction of buildings and structures within those Zones, all in accordance with the policies of the Township of Clearview Official Plan. All land use by-laws of the former Townships of Nottawasaga and Sunnidale, the Village of Creemore and the Town of Stayner, and all amendments thereto, including amendments by the Township of Clearview, are hereby repealed in their entirety other than on lands shown in Schedule 'A' and 'B' to this By-law shown with a symbol indicating that the former by-laws continue to apply.

Note: Highlighted sentence in Section 1.3 is under appeal only with respect to the request to add that new aggregate extraction proposals shall also be subject to the former by-laws.

1.4 CONFORMITY WITH THE BY-LAW

No person shall use any land, building, or structure, after the passage of this By-law except in conformity with the provisions and regulations of this By-law.

No person shall cause a building/structure or any part or parts thereof, or other structures to be erected, raised, moved, placed, reconstructed, extended, enlarged, or altered, except in conformity with the provisions herein.

Notwithstanding the issuance of any approval or provision of any information by the Township, it shall be the full responsibility of any person using lands, buildings, or structures, and the owner or occupier, to ensure that any use of lands, buildings, or structures and the construction of a building or structure conforms with the requirements of this By-law.

Zoning affects every building, structure and use, and extends horizontally and vertically.

1.5 BASIC INTERPRETATION OF THE BY-LAW

1.5.1 Interpretation of Provisions

- a) Any building/structure or use established in violation of a predecessor of this By-law is deemed to have been established unlawfully.
- b) Any use not permitted in a given zone, is prohibited.
- c) Where there is a conflict between the requirements of a zone and the requirements of the general provisions, the most stringent requirement shall apply.

1.5.2 Interpretation of Wording and Schedules

- a) The definitions and interpretations given herein shall govern.

- b) The words "used" and "occupied" shall include the words "intended" or "arranged" and "designed to be used or occupied".
- c) The words "he" and "his" include the words "she" and "her" as well as corresponding gender neutral terms.
- d) The provisions and regulations of the By-law shall be held to be the minimum requirements except where the word "maximum" is used, in which case the maximum requirements shall apply.
- e) When not inconsistent with the context or intent, words used in the present tense include the future.
- f) The word "shall" is always mandatory and not merely permissive.

Unless the context clearly indicates the contrary, where a regulation involves two or more items, conditions, provisions, or events connected by the conjunction "and", "or", or "either-or", the conjunction shall be interpreted as follows:

- a) "and" indicates that all the connected items, conditions, provisions, or events shall apply in any combination;
- b) "or" indicates that the connected items, conditions, provisions, or events may apply single or in combination; and,
- c) "either-or" indicates that the connected items, conditions, provisions, or events shall apply singly but not in combination.

Numerical figures used in this By-law are given in metric units and are intended to provide the sole standard governing the provisions of the By-law.

Where any Act or portion of an Act is referenced in this By-law, such reference shall be interpreted to refer to any subsequent re-titling, renumbering of sections, or other amendments or changes to such Act or its successor.

Any typographical error, spelling error, capitalization error, grammatical error, punctuation error, or a map error may be corrected by the Township at any time without restriction and without amendment to this By-law and shall not affect the validity of any provision or requirement of this By-law. Where there is any dispute in regard to the intent of the By-law, in such circumstances, Council shall clarify the intent of the By-law through such correction by resolution.

The purpose of the definitions included in this By-law is to define words, terms, and phrases which are necessary for the understanding, administration, and enforcement of this By-law or which are not part of common English language. Terms, words, and phrases in this By-law which are not defined in this By-law but are defined in the Planning Act, R.S.O. 1990, c.P.13, and other by-laws of the Township of Clearview, have the meaning expressed in that Act and the appropriate by-laws. Words, phrases, and terms neither defined in this By-law nor in the Act or in other by-laws of the Township of Clearview, shall be given their usual and customary meaning except where the context clearly indicates a different meaning in which case the Township shall determine the appropriate meaning.

The aerial photography and lot fabric shown on the zoning schedules or maps is provided as background information only, and may be updated by the Township at any time without requiring an amendment to this By-law.

1.6 CHANGE IN USE AND OCCUPANCY

No person shall cause a change in the use of any lands, or of any building or structure on such lands, or of any part of a lot, structure, or building, and no person

shall occupy any building or structure, in whole or in part, unless the use of any lands, or of any building or structure on such lands, or of any part of a lot, structure or building, is in conformity ~~conformance and compliance~~ with the requirements of this By-law and any other requirement of the Township which must by legislation, regulation, by-law, or agreement be satisfied prior to occupancy or use.

1.7 REDUCTIONS OF REQUIREMENTS

Except as a result of the actions of any public authority having statutory powers of expropriation, no person shall change the purpose for which any land or building is used, or erect any new building or addition to any existing building, or sever any lands from any existing building, or sever any lands from any existing parcel, if the effect of such action is to cause the original, adjoining, or remaining buildings or lands to contravene this By-law.

1.8 ESTABLISHMENT OF ZONES

All lands subject to this By-law are contained within one or more of the following zones:

AGRICULTURAL ZONES

AG	Agricultural
AG-ER	Agricultural – Residential Use Exception
AG-EL	Agricultural – Livestock Use Exception
AGI	Agriculturally Related Industrial
AGC	Agriculturally Related Commercial
AGK	Agricultural Boarding Kennel

RURAL ZONES

RU	Rural
RUK	Rural Boarding Kennel

RESIDENTIAL ZONES

RE	Residential Estate
RS	Residential Hamlet
RS1	Residential Large Lot
RS2	Residential Low Density
RS3	Residential Multiple Low Density
RS4	Residential Medium Density
RS5	Residential Multiple Medium Density
RS6	Residential High Density
RS-BB	Settlement Area Bed and Breakfast

DEVELOPMENT ZONES

DA	Development Area
----	------------------

INSTITUTIONAL ZONES

IN	Institutional
INR1	Institutional Residential 1
INR2	Institutional Residential 2

RECREATIONAL ZONES

REC	Recreation Lands
RECT	Recreational Trail

COMMERCIAL ZONES

RECC	Commercial Recreation Lands
C1	General Commercial
C2	Highway Commercial
C3	Service Commercial
C4	Large Format Commercial
C5	Neighbourhood Commercial
C6	Country Commercial

CT2	Commercial Transition 2 Overlay

INDUSTRIAL ZONES

MG	General Industrial
MP	Prestige Industrial
MR	Restricted Industrial
MA	Airport Industrial
MW	Waste Disposal Area
WDAA	Waste Disposal Area Overlay
MARA	Mineral Aggregate Resource Area Overlay

ENVIRONMENTAL & HAZARD ZONES

EP	Environmental Protection
FP	Hazard Land Overlay
FPSP	Hazard Land Special Policy Overlay
AR	Archaeological Assessment Overlay
SM	Stormwater Management Facilities

NIAGARA ESCARPMENT ZONE

NEC	Niagara Escarpment
-----	--------------------

EXTRACTION ZONE

EX1	Extraction Industrial Above The Water Table
-----	---

1.9 ZONE EXCEPTIONS

Where the Zone symbol designating certain lands, as shown on a Schedule, is followed by a dash and a number such as M1-1, then special provisions which may establish use, regulatory, or provisional exceptions, apply to such lands in addition to, or in place of, the normal Zone provisions. Lands designated in this manner shall be subject to all of the provisions, standards, and restrictions of the Zone, except as otherwise provided by the special provisions. These special provisions apply only to the lands to which such a Zone symbol is shown to apply.

Where the Zone symbol designating certain lands, as shown on a Schedule, is followed by a dash and a further symbol of one or more letters and numbers, then a set of standard additional uses may be permitted and there may be variations to the applicable provisions. Lands designated in this manner shall be subject to all of the provisions, standards, and restrictions of the Zone except for the allowance for additional uses and as otherwise provided by the special provisions. These special provisions apply on the lands to which such a zone symbol is shown to apply.

1.10 HOLDING PROVISIONS

Notwithstanding any other provision in this By-law, where a zone symbol is followed by the letter (H), no person shall use the land to which the letter (H) applies for any use other than the use which existed on the date this By-law was passed or which is specifically established as a permitted use in conjunction with the (H) symbol in this By-law, until the (H) is removed in accordance with the policies of the Township of Clearview Official Plan and the Planning Act, and in accordance with conditions established for the removal of the (H) in this By-law or any amendment thereto. Conditions for removal are set out in Schedule 'E'.

The Municipality may pass an amendment to this By-law to utilize the Holding Zone on lands where development is premature and may establish, as a condition for removal, that one or more of the following requirements have been met:

- a) Adequate sanitary, water, storm, and/or transportation services and facilities are available to serve the development;
- b) Any adverse environmental effects or constraints have been resolved;
- c) There is sufficient need for the development;
- d) Site plan, subdivision, and/or condominium approval has been obtained and any required development agreements entered into with the Municipality;
- e) Specific studies required by the Municipality have been submitted to and approved by the municipality; or,
- f) Any other lawful requirement that Council may impose for the proper and orderly development of the lands has been satisfactorily met.

1.11 SEVERABILITY

If any section, clause, or provision of this By-law including anything contained in the Schedules attached hereto, is for any reason declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of the By-law as a whole or any part thereof, other than the section, clause, or provision so declared to be invalid and it is hereby declared to be the intention that all the remaining sections, clauses, or provisions of this By-law shall remain in full force and effect until repealed.

1.12 COMPLIANCE WITH OTHER RESTRICTIONS

This By-law shall not be construed so as to reduce or mitigate any restrictions or regulations lawfully imposed by the Township or any other Federal or Provincial government authority having lawful jurisdiction to make such restrictions or regulations. Where the requirements of this By-law and those of any government authority are in conflict, the greater, most restrictive, or most stringent requirements shall apply.

In the event of conflict between this By-law and any general or special by-law, this By-law shall prevail. However, nothing in this Zoning By-law shall serve to relieve any person from the obligation to comply with the requirements of any other by-law of the Municipality in force from time to time, or the obligation to obtain any license, permit, authority, or approval required under any by-law of the Municipality.

In the event of an inconsistency or conflict between two or more provisions, standards, or requirements of this By-law, the more stringent restrictions shall prevail.

1.13 ZONING SCHEDULES

The land use Zones, which include overlay Zones and notations, for all lands covered by this By-law are shown on zoning maps in Schedules "A" and "B" to this By-law. Such schedules, with all notations, references, dimensions, designations, and other necessary information shown thereon, are hereby adopted and made part of this Zoning By-law for reference. Such schedules may hereinafter be referred to as "Maps", "Zoning Maps", "Schedules", or "Zoning Schedules".

The symbols used on the Schedules attached hereto, refer to the appropriate Zones established by this By-law. These symbols may be used to refer to lands, buildings, structures, and the uses of lands, buildings, and structures permitted by this By-law in the said Zones, and whenever in this By-law the word "Zone" is used immediately preceded or followed by any of the said symbols, such Zones shall mean any area within the Township of Clearview within the scope of this By-law delineated on a Zoning Map and designated thereon by the said symbol.

1.14 UNDERWATER ZONING

All areas of the Township of Clearview which are underwater shall be subject to all of the regulations of the zone which immediately adjoins the water area. If the water area adjoins two (2) or more zones, the boundaries of each zone shall be construed to extend into the water area to the midpoint of a watercourse or water body in a straight line until they meet the other zone.

1.15 MULTIPLE USES OR ZONES ON ONE LOT

1.15.1 Multiple Uses on One Lot

Notwithstanding any other provisions of this By-law, where any land, building, or structure is used for more than one purpose, all provisions of this By-law shall be complied with for each use. Where there is a conflict in the application of competing provisions, the most stringent provision shall apply.

Unless specifically permitted, no more than one detached dwelling shall be permitted on a lot and no more than one accessory apartment shall be permitted on a lot.

1.15.2 Properties with More than One Zone

Where a lot is divided into more than one Zone, each such portion of said lot shall be considered separately for the purposes of determining permitted uses and zone provisions and each such portion shall conform to the provisions of the appropriate zone.

The greatest lot area requirement impacting a multi-zoned property shall apply. The zone category situated along the front lot line shall determine the minimum lot frontage requirement. Where there is a conflict in the application of competing provisions the most stringent provision shall apply.

1.16 ZONE BOUNDARIES

The Zones and zone boundaries are shown on the schedules to this By-law which are attached to and form part of this By-law.

Unless the location of a zone boundary is specified by the dimensions on the zoning map or interpretation is otherwise provided for herein, a zone boundary which lies within a lot shall be fixed by the scale of the zoning map.

A zone boundary shown approximately at a lot line is deemed to be at the boundary of the lot line.

A zone boundary shown approximately at the centre line of a right-of-way, street, lane, other public thoroughfare, railway line, or transmission line, shall be deemed to follow the centre line of the right-of-way, street, lane, other public thoroughfare, railway line, or transmission line.

The corrections discussed above are considered to be matters of interpretation of the By-law with technical adjustments made being considered implementation of those interpretations. Such corrections are not amendments to this By-law.

Where a zone boundary is indicated as following the limits of a flood line or fill line prepared by the Nottawasaga Valley Conservation Authority (NVCA), where registered under the Conservation Authorities Act and approved by the Township, the boundary shall follow such flood line or fill line, as may be amended from time to time.

1.17 INCORPORATION OF AMENDMENTS

Amendments to this By-law, duly adopted by Council, may be incorporated into a consolidated version of this By-law without the necessity of further amendment to this By-law or formal adoption of the consolidated By-law.

1.18 CONTINUATION OF PROSECUTION FOLLOWING REPEAL

The passage of this By-law does not affect the right of the Township of Clearview to prosecute any violation of the previous By-laws, if the violation occurred while the previous By-laws were in effect.

1.19 RESPONSIBILITY FOR ADMINISTRATION AND ENFORCEMENT

The provisions of this By-law shall be administered and enforced by the Zoning Administrator. The Zoning Administrator shall include, singly or collectively: the Director of Community Service or the Director of Planning and Development; a Planner so designated by the Director of Community Services or the Director of Planning and Development; the Clerk; the Township solicitor; the Township By-law Enforcement Officer; the Chief Building Official; a Building Inspector so designated by the Chief Building Official; and, any other person designated from time to time by the Council of the Township.

Administration, enforcement, and associated processes, procedures, and penalties shall be established, determined, and carried out in accordance with relevant legislation and law.

2.0 GENERAL PROVISIONS

2.1 ABSOLUTE MINIMUM DEVELOPMENT STANDARDS – VACANT LOTS

Without exception, no vacant lot shall be developed or built upon and no new primary uses shall be established, unless it meets all of the following criteria:

- The lot fronts onto a public street, which is year-round maintained in accordance with Sec. 2.2.
- The lot meets the municipal servicing requirements outlined in Sec. 2.3.
- The lot meets either the zone provisions or the requirement for legal non-conforming lots for minimum lot frontage and area.
- The lot has at least 5 m frontage within a fully-serviced settlement area and at least 10 m frontage outside a fully-serviced settlement area.
- The lot is adequately sized to contain proper private services, where municipal services do not exist. Unless the pertinent zone specifically allows for a smaller lot size with private services, the absolute minimum lot size needed to contain a private well and septic system is 0.3 ha.
- The lot meets the definition of a lot of record within Sec. 4.0.

2.2 FRONTAGE ON A PUBLIC STREET

Unless otherwise specified by this By-law, no person shall erect any building or structure and no person shall use any building or structure unless:

- a) The lot or parcel to be used, or upon which the building or structure is situated, erected, or proposed to be erected, abuts, or fronts on a public street, which is assumed by the Township or Responsible Road Authority for maintenance purposes and is maintained by, and intended by, the Township or the Responsible Road Authority for year-round travel; or,
- b) Is being constructed pursuant to a Subdivision or Site Plan Agreement with the Township, is maintained by and intended by the Township or the Responsible Road Authority, or by another party under agreement with the Township or the Responsible Road Authority, for year-round travel; and, in either instance, the proposed access has received approval from the Township or the Responsible Road Authority.

Notwithstanding these provisions, where development is occurring with an approved Plan of Condominium which provides for access to and from all development in the Plan in accordance with Township requirements specified in the Plan of Condominium approval, then development within the Plan does not require frontage on a public street for individual units within the Plan.

Where a zone provision establishes a minimum frontage requirement, the primary access to the use must be to a public street as set out above, but need not be in the frontage.

An access easement does not constitute frontage.

2.3 MUNICIPAL SERVICING REQUIREMENTS

2.3.1 Within Full Municipal Service Areas

In those areas deemed as being within full municipal service areas by the Township, no permanent building or structure requiring potable water or sewage disposal facilities shall be erected or utilized unless such buildings or structures are served by a municipal water supply system and a municipal sanitary sewage disposal facility.

2.3.2 Outside of Full Municipal Service Areas

In those areas deemed as being within partial municipal service areas (municipal water only) by the Township, no permanent building or structure requiring potable water shall be erected or utilized unless such buildings or structures are served by a municipal water supply system.

2.3.3 Discharge Control Regulations for Clearview and Connections to Wasaga Beach Sewers

- a) All buildings, structure, or uses connected to municipal sewage collection systems shall be required to comply with the municipality's sewer use by-law, By-law 00-13, A By-law to Control Discharges to the Municipal Sewage Works, as may be amended from time to time.
- b) All buildings, structures, or uses connected to partnered sewage collection system shall also be required to comply with the Town of Wasaga Beach sewer use by-law, By-law 2010-62, as may be amended from time to time.
- c) In areas which are serviced by the portion of the sewage collection system through which effluent is directed to the Wasaga Beach Sewage Treatment Plant, the following uses shall be prohibited on any land or in any building or structure notwithstanding the permitted uses of the zone applying to such lands:
 - i) The manufacturing, processing, fabricating of, assembly of raw materials or goods, warehousing or bulk storage of goods and related accessory uses, where such a use would result in any discharge or non-residential quality waste to the sewage collection system;
 - ii) The breaking up, dismantling and separating into parts of any article, machinery or vehicle where such use would result in any discharge of non-residential quality waste to the sewage collection system;
 - iii) The storage or treatment of waste materials as a non-incident activity;
 - iv) The extraction or processing of sand, gravel, clay, turf, soil, rock, stone or similar substances;
 - v) The repair of any vehicle, equipment or machinery unless such use is equipped with facilities to pre-treat any discharge so that such discharge meets the requirement of By-law 00-13 A By-law to Control Discharges to the Municipal Sewage Works, as may be amended from time to time;
 - vi) Any use which results in a discharge of fuel, hazardous industrial waste, hazardous waste chemicals, ignitable substances, pathological wastes, pesticides, waste disposal leachate, waste radioactive prescribed substances, or reactive substances, each as defined in By-law 00-13 A By-law to Control Discharges to the Municipal Sewage Works, as may be amended from time to time; and

- vii) Any other industrial or commercial use where such use would result in any discharge of non-residential quality waste to the sewage collection system.

2.4 LEGAL NON-CONFORMING PROVISIONS

A legal non-conforming lot, use or building/structure is a non-conforming lot, use or building/structure that was lawfully established. Lawfully established means one of the following:

- The use, building or structure was established in compliance with a previous Zoning By-law of the Township or its amalgamated Towns/Townships.
- The use, building or structure pre-dates Zoning within the Township or its amalgamated Towns/Townships.
- The lot was established in compliance with a previous Zoning By-law of the Township or its amalgamated Towns/Townships and meets the definition of 'lot of record' in this By-law.
- The lot pre-dates Zoning within the Township or its amalgamated Towns/Townships and meets the definition of 'lot of record' in this By-law.

Legal non-conforming status is applicable to a use no longer permitted in this By-law so long as the use was lawfully established and continues to be used for that purpose, without having ceased.

Nothing in this By-law shall apply to prevent the repair and maintenance of any lot or building/structure that is legal non-conforming.

No legal non-conforming use shall be altered and no legal non-conforming building or structure shall be enlarged or reconstructed except in accordance with the provisions of this section.

2.4.1 Legal Non-conforming Lots

The following regulations apply to legal non-conforming lots, which are lawfully established lots with insufficient area and/or frontage.

Nothing in this section shall apply to prevent the enlargement, reconstruction or restoration of existing permitted or legal non-conforming buildings/structures on legal non-conforming lots in accordance with the provisions of the pertinent zone and general provisions of this By-law.

2.4.1.1 Vacant Legal Non-conforming Lots

No new use shall be established and no buildings or structures are permitted to be erected on a vacant lot with insufficient lot area or frontage, unless:

- a) The lot meets all of the Absolute Minimum Development Standards outlined in Sec. 2.1 and all other provisions of this By-law.
- b) The lot has at least 5 m frontage and is located within a fully-serviced settlement area.
- c) The lot has at least 10 m frontage and is located outside of a fully-serviced settlement area.

A legal non-conforming vacant lot that is within a registered plan of subdivision approved between 1994 and 2009 shall be permitted to contain new uses and new

buildings/structures in accordance with the pertinent zone and all other provisions of this By-law.

2.4.1.2 Accessory Apartments on Legal Non-conforming Lots

Where permitted, an accessory apartment may be established on a lot with insufficient area or frontage, but shall not be permitted:

- On a lot having less than 5 m frontage inside of a fully-serviced settlement area.
- On a lot having less than 10 m of frontage outside of a fully-serviced settlement area.

2.4.1.3 Accessory Buildings/Structures on Legal Non-conforming Lots

Where there is a permitted or legal-non conforming primary building, accessory buildings and structures are permitted to be established on a legal non-conforming lot regardless of the lot frontage or area, provided that:

- The accessory building or structure meets the requirements of the pertinent zone and the general provisions of this By-law for accessory buildings and structures.

2.4.2 Legal Non-conforming Uses

A legal non-conforming use is not permitted to expand, except where permission for expansion in gross floor area is granted by the Committee of Adjustment.

Accessory buildings and structures are permitted to be erected in association with a legal-non conforming residential use on a lot, provided that:

- The accessory building or structure meets the requirements of the pertinent zone and the general provisions of this By-law for accessory buildings and structures.

2.4.3 Legal Non-conforming Buildings/Structures

The following regulations apply to the alteration of legal non-conforming buildings and structures **regardless of lot area and frontage**.

2.4.3.1 Enlargement of Legal Non-conforming Buildings/Structures

A legal non-conforming building or structure may be enlarged, provided that the addition itself complies with the regulations of the pertinent zone and other applicable provisions of this By-law.

2.4.3.2 Reconstruction of Legal Non-conforming Buildings/Structures

A legal non-conforming building or structure may be purposefully demolished and reconstructed either in part or in its entirety, or may be reconstructed after partial or complete destruction by accident or catastrophe in accordance with the pertinent zone and other applicable provisions of this By-law.

If compliance with this By-law cannot be achieved in some regard, reconstruction may take place provided that:

- a) The building/structure or portion thereof shall not be reconstructed to exceed its legal non-conforming external dimensions, gross floor area or height.

- b) The reconstruction does not exceed the legal non-conforming footprint of the original building/structure or portion thereof as it existed prior to destruction/demolition.

2.4.4 Alteration of Existing Lots

A lot shall not be altered through consent or other means if the result of the alteration would bring the lot into contravention of the By-law or worsen an existing deficiency, in terms of lot area, frontage, setbacks, or coverage.

If a lot is altered through consent or other means and the result of the alteration improves an existing deficiency, but does not result in compliance with this By-law, the deficiency shall be recognized through minor variance or amendment to this By-law.

No lot outside of a settlement area, other than a lot of record, shall be merged, enlarged or altered as a means of meeting the minimum lot area and frontage requirements of this By-law.

A vacant lot outside of a settlement area that is not considered a lot of record shall not be developed regardless of lot frontage or area.

Notwithstanding this provision, a lot may be reduced in frontage or area by expropriation, utility installation, road widening, or other necessary measure taken by a public authority. A lot or building/structure setback that has been altered by a necessary measure taken by a public authority shall be deemed to comply with this By-law, regardless of any deficiencies caused by the alteration.

2.4.5 Burden of Proof

Proof of legal non-conforming status must be provided by the owner.

2.5 ACCESSORY APARTMENTS

2.5.1 General Provisions for all Accessory Apartments

Notwithstanding any other provisions of this By-law regarding the number of dwelling units on a single lot, where an accessory apartment is permitted in a given zone, the following provisions shall apply:

- a) Any accessory apartment shall have either a minimal habitable area of 25 m² for a studio or bachelor apartment; a minimum habitable area of 32 m² for a 1 bedroom apartment; or, shall have a minimal habitable area of 32 m² for one bedroom plus 9 m² for each additional bedroom.
- b) An accessory apartment shall not exceed a habitable living space of 111 m².
A basement, whether finished or unfinished, shall be included in the calculation of habitable living space for the accessory dwelling.
- c) The accessory apartment shall have separate sanitary facilities and kitchen facilities from the principal dwelling unit.
- d) The accessory apartment shall have a means of ingress and egress to the outdoors that is separate from any means of ingress and egress for the principle dwelling unit.
- e) The accessory apartment that is not a detached accessory apartment, shall be an integral part of the single detached dwelling and be designed so as to

maintain the general character of the dwelling and surrounding neighbourhood and shall not alter any façade facing a street.

- f) The accessory apartment shall be provided with 1 parking space in accordance with the parking provisions of this By-law.
- g) No accessory apartment shall be located, either wholly or in part, below the flood elevation of the regional storm in the flood plain, unless located in a flood fringes in a two zone area and dry flood-proofing measures are utilized.
- h) A new accessory apartment shall not be permitted unless the Township is satisfied that adequate services exist to support the accessory apartment, or an agreement has been entered into by the owner with the Township to provide such services.
- i) The accessory apartment and principle dwelling shall meet all other applicable provisions of this By-law and any other fire, health, safety, or occupancy regulations or by-laws.

2.5.2 Detached Accessory Apartments

Where an accessory apartment is permitted to be detached in a given zone, the following provisions shall apply in addition to the provisions in Sec. 2.5.1. A detached accessory apartment:

- a) Shall be located no further than 50 m from the primary dwelling.
- b) Shall only be permitted on a lot where there is no separate farm help accommodation or attached accessory apartment.
- c) Shall have a total gross floor area no greater than 50 percent of that of the primary or principle residence.
- d) May occupy the entire accessory building.
- e) Shall not be considered a surplus residence for the purposes of obtaining a consent.
- f) Shall not be severed from the primary dwelling by consent.

2.6 ACCESSORY BUILDINGS, STRUCTURES AND USES

Where a use is permitted under the provisions of this By-law, accessory uses, building and structures normally incidental and subordinate to the main use, building or structure shall also be permitted.

Unless otherwise permitted, no accessory use may occur in the absence of a primary use, and no detached accessory building or structure, other than a fence, shall be erected on a lot prior to the erection of the main building on the lot.

Notwithstanding any provision to the contrary, accessory structures may be permitted in any yard and shall not be subject to setback requirements.

2.6.1 Permitted Locations for Accessory Buildings

Unless otherwise specifically permitted:

- a) No accessory building shall be located closer to a front lot line or exterior side lot line than the front or exterior side or wall of the primary building. This restriction does not apply in the AG or RU zones.

- b) An accessory building associated with a residential use is permitted to encroach into a required interior side or rear yard, but shall not be situated closer than 1.0 m to the interior side or rear lot lines. No encroachment into a required exterior side yard or front yard is permitted.
- c) Detached accessory apartments shall not be permitted to encroach into any required yard, and shall meet all required setbacks of the pertinent zone for the main use.
- d) Detached accessory buildings associated with a non-residential use shall not be permitted to encroach into any required yard, and shall meet all required setbacks of the pertinent zone.

2.6.2 Coverage Calculations for Accessory Buildings & Structures

In addition to main buildings, the following accessory items shall be included in the calculation of lot coverage:

- Accessory buildings.
- Above-ground swimming pools and hot tubs that protrude over 1.0 m above the lowest finished grade surrounding the pool.
- Porches.
- Above-ground decks having platforms that protrude more than 0.6 m above lowest finished grade surrounding the structure.

2.6.3 Swimming Pools & Hot Tubs

As accessory structures, swimming pools and hot tubs are permitted in all zones in association with a residential use. The following provisions shall apply to the placement of an above-ground or in-ground pool or hot tub:

- a) A pool or hot tub shall not be located closer to a front lot line or exterior side lot line than the front or exterior side or wall of the primary building.
- b) A pool shall not be located closer than 1.8 metres to any building/structure. A hot tub may abut a building/structure.
- c) A pool or hot tub may encroach in a required rear yard to within 1.8 metres of the rear lot line.
- d) A pool or hot tub shall comply with all other required setbacks and regulations of the pertinent zone.

2.7 ENCROACHMENTS INTO REQUIRED YARDS

2.7.1 Architectural Features

Notwithstanding a front, side or rear yard setback established by a given zone, the following items may encroach into a required yard as follows:

Feature	Minimum Required Setback or Maximum Permitted Projection
Architectural elements (e.g., cornices, sills, cantilevered window bays)	0.6 m setback from lot line

Feature	Minimum Required Setback or Maximum Permitted Projection
Stairs and landings (sized maximum 1.2 m in width and depth) used to access a building or an accessibility ramp	0.6 m setback from lot line
Roof eaves and balconies taller than 2 m above finished grade	0.75 m setback from lot line
Unenclosed fire escape and necessary structural supports	1.2 m projection into a required yard

2.7.2 Porches & Decks

Notwithstanding a side or rear yard setback established by a given zone, decks and porches:

- a) Having a height of less than 2.0 m above the lowest finished grade (at all points around the perimeter of the platform) shall:
 - Be setback a minimum of 3.0 m from the rear lot line.
 - Be setback a minimum of 0.75 metres from the interior side lot line.
- b) Having a height of 2.0 m or greater above the lowest finished grade (at all points around the perimeter of the platform) may not encroach into any required yards of the pertinent zone.

Notwithstanding a front or exterior side yard setback requirement for a given zone, steps to a porch or deck may project into a minimum required front or exterior side yard a maximum distance of 1.5 metres.

2.7.3 Mechanical Equipment

Mechanical equipment for single-detached, semi-detached, duplex, and townhouse dwellings shall be setback from lot lines as follows:

Minimum Interior Side Yard	1.2 metres
Minimum Exterior Side Yard	3 metres
Minimum Rear Yard	3 metres
Minimum Front Yard	4 metres

A window or through-wall air conditioning unit is permitted to project a maximum of 0.5 metres into any required yard.

2.7.4 Full Encroachments Permitted

The following uses may encroach into a yard with no restrictions as to a minimum yard requirement:

- a) Overhead utilities, wires, or other aerial appurtenances as are as necessary to the use of the premises;
- b) Fences, hedges, and landscaping materials;
- c) An open, hard surfaced, and uncovered terrace or patio in any yard if such terrace is completely unenclosed except by a fence, guard rail, or parapet

wall not exceeding the maximum height permissible for a fence in the same location; and/or,

- d) Ponds, ornaments, flagpoles, children's play equipment, permitted signs, or like landscaping amenities.

2.7.5 Fencing

In any Residential Zone, no fence may be erected at a height greater than 2.4 metres except for any portion of the fence that extends toward the street beyond the foremost portion of the principal building on the site, which shall be no greater than 1.2 metres in height.

In all other respects, fences shall comply with any specific by-law duly enacted by the municipality governing fences.

2.7.6 Utility Roof Structures

A utility roof structure is for the primary purpose of containing elevators, stairs, tanks, ventilation, window washing equipment, or equipment required to service, maintain, or ventilate the building. The following provisions apply to utility roof structures:

- a) A utility roof structure may extend above the height limits of the pertinent zone unless otherwise specifically addressed in this By-law.
- b) A utility roof structure may not extend above the height limits of the pertinent zone where such height extension may be deemed to interfere with aerial flight/navigation.
- c) A utility roof structure shall not be permitted to provide habitable or additional usable floor space, other than for mechanical equipment that must be located in such a manner.
- d) A utility roof structure shall not occupy more than 30 percent of total roof area.
- e) A utility roof structure shall not extend more than 5 m above the main roof elevation of the building.

Nothing in this By-law shall apply to restrict the height of a place-of-worship spire or steeple, or a flag pole provided that such buildings and structures otherwise conform with this By-law.

2.8 BACKYARD CHICKENS

Notwithstanding where livestock farms are permitted in a given zone, backyard chickens shall be permitted in any zone as an accessory to a single-detached dwelling. Chicken coops and chicken manure storage shall be considered accessory structures.

- Coops and manure storage structures may be built together, separately, or within an existing building/structure.
- The coop and manure storage structure, exclusive of the outdoor enclosure, shall not cumulatively exceed an area of 10 m².

The following provisions shall apply to the placement of these structures:

- Coops and manure storage structures shall not be located closer to a front lot line or exterior side lot line than the front or exterior side or wall of the primary building;
- MDS shall not apply to backyard chicken uses;
- Coops and manure storage structures shall be counted in lot coverage calculations of the pertinent zone;
- Coops are permitted to encroach to within 1.0 m of a rear or interior side lot line; and
- Manure storage structures are permitted to encroach to within 3.0 m of a rear or interior side lot line.

2.9 BED & BREAKFAST ESTABLISHMENTS

Bed and Breakfast establishments, where permitted, shall be located in a single detached dwelling unit; be an accessory use to a single detached residential use; and, are restricted to a maximum of three (3) guest rooms except for lots zoned Agricultural or Rural where a maximum of five (5) rooms are permitted.

In addition to the zone provisions which apply, a Bed and Breakfast:

- a) Shall clearly be a secondary and incidental use of the lot and principal dwelling.
- b) Shall be conducted entirely within the dwelling except for an associated outdoor amenity area.
- c) Where located within a settlement area, the outdoor amenity area for guests shall be fully screened by a fence or landscaping screen so as to limit disturbance to neighbours.
- d) Where located within a settlement area, the parking area for guests shall be hard surfaced, shall not be located any closer than 3 metres to a neighbouring property, and shall be screened from any adjacent residential use with a landscaping screen or fence.
- e) The parking spaces attributable to a guest use shall be designated for the exclusive use of the guests and shall be so signed.
- f) May include the serving of food to guests, but shall not include in-room meal preparation areas for guests, and shall not include serving of meals, as a service, to any party other than the occupants of the guest rooms.
- g) Shall not be an exclusive use of a dwelling, and at least one bedroom shall remain available on a full-time basis for the residents of the dwelling.
- h) Shall be conducted by at least one of the residents of the dwelling unit.
- i) Shall be occupied by the owner or tenant at any times when guest rooms are available to or occupied by the traveling public.
- j) Shall not alter the residential character of the building or neighbourhood as a consequence of alterations to the building associated with, or required for the use, noise, or the frequency of external contact.
- k) Shall not employ more than one employee who is not a resident of the dwelling unit.

- l) Shall not involve the outdoor storage or display and shall have a single sign of no greater than 0.5 metres in surface area.

2.10 HOME OCCUPATIONS & INDUSTRIES

2.10.1 Home Occupations

Home occupations are accessory to a residential use, and are intended to accommodate a practitioner or professional residing on the premises. Uses that may be considered a home occupation include:

- A professional, medical or business office (e.g., chiropractor, law office).
- A personal service shop (e.g., pet groomer, hairstylist).
- An art/music studio (e.g., photography, piano).
- A private home daycare.
- A private tutor/instructor.
- A home catering service preparing food to be consumed off-site.
- A small electronic, appliance or computer repair.

Where a home occupation is permitted in a zone, the home occupation:

- a) Shall clearly be a secondary and incidental to a permitted residential use.
- b) Shall be conducted either entirely within the primary dwelling and/or an attached garage.
- c) Shall be conducted by at least one of the residents of a dwelling unit located on the same lot.
- d) Shall not occupy more than twenty-five percent (25%) of the gross floor area of the dwelling unit and attached garage.
- e) Shall not occupy an area of more than 75 m², including storage areas.
- f) Shall not create a parking nuisance, noise, vibration, fumes, odour, dust, glare, or radiation that is evident outside the building in which the use occurs.
- g) Shall not alter the residential character of the building or neighbourhood as a consequence of alterations to the building associated with, or required for, the use or the frequency of external contact.
- h) Shall not employ more than one (1) employee who is not a resident of the dwelling unit on the lot.
- i) Shall not involve the outdoor storage or outdoor display of materials or finished products.
- j) Shall not involve the use or storage of hazardous substances in types or quantities exceeding those normally found in a residential use.
- k) Shall not involve the repair or maintenance of small engines, motor vehicles, construction equipment or vehicles, or industrial equipment or vehicles.
- l) Shall not involve an occupation defined in this By-law as an adult entertainment business.
- m) Shall not involve a retail use or provide a retail space except telephone or mail order sales of goods is permitted.

- n) Shall not, other than on lands zoned Agricultural or Rural, require receipt or delivery of merchandise, goods, or equipment by other than intermittent delivery by a passenger motor vehicle or by parcel or letter carrier mail service using motor vehicles typically employed in residential deliveries.
- o) Shall not include or involve any outdoor storage, display or retail sales.

Notwithstanding the requirement for a home occupation to be conducted entirely within a dwelling or accessory building, a private home daycare facility may allow for an outdoor play or amenity area, which shall not be counted as part of the size of the operation.

2.10.2 Home Industries

Home industries are accessory to a residential use, and are intended to accommodate a single professional or tradesperson. Uses that may be considered a home industry are limited to a trade business or a more intensive home occupation requiring the use of an accessory building (e.g., woodworking).

Where a home industry is permitted in a zone, the home industry:

- a) Shall clearly be secondary and incidental to a permitted residential use.
- b) Shall be conducted either entirely within a primary dwelling or an accessory building thereto.
- c) Shall be conducted by at least one of the residents of a dwelling unit located on the same lot.
- d) Shall not occupy more than twenty-five percent (25%) of the gross floor area of the dwelling unit, more than 50 percent of the gross floor area of a detached accessory building, located within a detached accessory building.
- e) Shall not occupy an area of more than 95 m², including storage areas.
- f) Shall not create noise, vibration, fumes, odour, dust, glare, or radiation which is evident outside the building in which the use occurs.
- g) Shall not employ more than one (1) employee who is not a resident of the dwelling unit on the lot.
- h) Shall not involve the use or storage of hazardous substances in types or quantities exceeding those normally found in a residential use.
- i) Shall not involve the repair or maintenance of motor vehicles, construction equipment or vehicles, or industrial equipment or vehicles, but may involve small engine repair outside of a settlement area.
- j) Shall not involve an occupation defined in this By-law as an adult entertainment business.
- k) Shall not involve a retail use or provide a retail space, except telephone or mail order sales of goods is permitted.
- l) Shall, other than on lands zoned Agricultural or Rural, not require receipt or delivery of merchandise, goods, or equipment by other than intermittent delivery by a passenger motor vehicle or by parcel or letter carrier mail service using motor vehicles typically employed in residential deliveries.
- m) Shall not include accessory outdoor storage, display or sales.

2.11 LANDSCAPING REQUIREMENTS

2.11.1 General Landscaping Requirements

Development shall trigger the provision of landscaping in accordance with this By-law. Nothing in this By-law shall require the provision of a landscape buffer or screen for a use that existed on the date of passing of this By-law where no such requirement previously existed or applied to such a use.

Where a parking area contains 9 or more parking spaces, 1 tree shall be planted for every 3 parking spaces provided.

2.11.2 Landscaping Screen Required

A 3.0 m wide landscape screen, with a mature height of at least 2.0 m, is required along a lot line that meets any of the following criteria:

- a) Where a commercial or industrial use or zone abuts a residential use or zone.
- b) Where a parking area contains 4 or more required spaces and abuts a residential use or zone.
- c) Where a parking area, loading area, and/or waste collection area serving an institutional or multiple-residential use or zone abuts a residential use or zone.
- d) Where an industrial or commercial outdoor storage areas abuts any use, zone, or public street.

Notwithstanding the above, where the requirement to install a landscape screen is triggered by a residential use in the AG or RU zone, a landscape screen is not required unless the dwelling is located within 30 m of the building, structure, parking/loading/waste collection area, or outdoor storage area triggering the need for the landscape screen.

A 2.0 m high solid board or masonry fence may be used instead of or in addition to a landscape screen where required. A 3.0 m wide landscape buffer must accompany the fence, where a fence is used instead of a landscape screen.

2.11.3 Screening of Dumpsters

Garbage and recycling dumpsters shall be screened from view by a solid board or masonry fence enclosure and gate. The height of the enclosure shall be a minimum of 2.0 m.

2.12 PARKING AND LOADING REQUIREMENTS

2.12.1 GENERAL PARKING AND LOADING PROVISIONS

2.12.1.1 Calculations Resulting in a Fraction

Where the minimum number of parking or loading spaces calculated results in a fraction, the required number of spaces shall be rounded to the next highest whole number.

2.12.1.2 Use of Required Spaces

Required loading spaces shall be used by operative, licensed vehicles for the parking, loading, and unloading of goods or equipment.

Required parking spaces shall be dedicated and used exclusively by the land, building or use that the required spaces are intended to serve. Spaces may be dedicated to customers, specific tenants, practitioners, or other designated user. Required parking spaces shall only be used for the parking of operative, licensed vehicles.

Required parking and loading spaces shall not be used to park/store vehicles or equipment intended for sale, rental or repair, nor shall they be used for the storing of impounded, wrecked, or otherwise inoperable vehicles.

2.12.1.3 Multiple Uses

In the case of different or mixed uses on the same lot or within the same building, the off-street parking calculation shall be determined as the sum of the requirements for each use computed separately.

Off-street parking spaces intended to serve one use shall not be considered as providing required facilities for any other use.

2.12.1.4 Existing Insufficient Spaces & Snow Storage

When a building or structure has an insufficient number of parking and/or loading spaces and/or snow storage to comply with the requirements of this By-law at the date of its passing, this By-law shall not be construed to require that additional spaces or snow storage be added to bring the existing use or building into conformity with this By-law's parking, loading and snow storage requirements.

However, no addition may be built, and no change of use may occur, the effect of which would be an increase in that deficiency. For the purposes of this section, existing spaces and snow storage areas may or may not have been delineated, and shall be considered as those areas in use for parking, loading and snow storage purposes.

2.12.2 Number of Regular Spaces Required

No person shall use any land, building, or structure in any zone for any purpose, unless parking and loading spaces are provided on the same lot in accordance with the provisions of this By-law. The number of parking and loading spaces required shall be calculated and provided for each use on a lot in accordance with the standards set out in this section.

2.12.2.1 Residential Uses

Dwelling Unit	2 spaces
Accessory Apartment	1 space
Bed and Breakfast Establishment	1 additional parking space per guest room
Secondary use residential apartment in a Commercial Zone	2 spaces per dwelling unit

2.12.2.2 Non-residential Uses

All commercial and industrial uses shall have:

Use	Parking Ratio
Adult Entertainment	4 parking spaces plus 1 space per 2 seats or 1 space per 5 m ² of gross floor area for uses not requiring seating
Art Gallery	1 parking space per 20 m ² of gross floor area
Assembly Hall	1 parking space per 3 occupants
Banquet Hall	1 parking space per 5 occupants
Bowling Alley	3 parking spaces for each bowling lane
Building Supply Outlet	1 parking space per 45 m ² of gross floor area
Business Office	1 parking space per 10 m ² of gross floor area
Commercial Greenhouse	1 parking space per 45 m ² of gross floor area
Commercial School	3 parking spaces plus 1.25 additional parking spaces for every classroom
Commercial Self-storage Facility	1 parking space per 500 m ² of gross floor area
Community Centre	1 parking space per 5 m ² of gross floor area
Contractor's Yard	1 parking space per 45 m ² of gross floor area
Convenience Store	1 parking space per 15 m ² of gross floor area
Curling Rink	4 parking spaces for each curling sheet
Custom Workshop	1 parking space per 45 m ² of gross floor area
Data Processing Centre	1 parking space per 10 m ² of gross floor area
Day Nursery	2 parking spaces per classroom
Dry Cleaning Distribution Depot	1 parking space per 20 m ² of gross floor area
Equipment Sales and Rentals	1 parking space per 20 m ² of gross floor area
Farm Implement Dealer	1 parking space per 20 m ² of gross floor area
Farmers' Market	3 parking spaces per stall or booth
Financial Institution	1 parking space per 10 m ² of gross floor area
Fitness Centre	1 parking space per 10 m ² of gross floor area
Funeral Home	1 parking space per 10 m ² of gross floor area accessible to the public
Golf Course	24 parking spaces per nine holes
Golf Driving Range	2 spaces plus 1 parking space per tee
Hotel	2 spaces plus 1 parking space per room
Industrial Use	2 spaces plus 1 parking space per 45 m ² of gross floor area for the first 3,001 m ² and then 1 parking space per 100 m ² for the remaining gross floor area
Laundromat	1 parking space per 20 m ² of gross floor area
Laundry Plant	2 spaces plus 1 parking space per 45 m ² of gross floor area over the first 45 m ²
Library	1 parking space per 20 m ² of gross floor area
Medical Clinic	4 parking spaces per practitioner
Motel	2 spaces plus 1 parking space per room

Use	Parking Ratio
Motor Vehicle Body Shop	1 parking space per 45 m ² of gross floor area
Motor Vehicle Repair Garage	1 parking space per 45 m ² of gross floor area
Museum	1 parking space per 20 m ² of gross floor area
Nightclub	2 spaces plus 1 parking space per 9 m ² of gross floor area
Nursing Home / Assisted Care Facility	0.5 staff parking spaces for every 3 residents of the facility plus 0.5 visitor parking spaces for every 3 residents
Personal Service Shop	1 parking space per 10 m ² of gross floor area
Place of Amusement	1 parking space per 10 m ² of gross floor area
Places of Worship	1 parking space for every 4 persons seating capacity in the primary assembly area and 1 space per office and additional parking spaces for any other use as listed as relevant uses (e.g. if a classroom is provided the provision of 1.25 spaces per classroom for a school use should be utilized)
Printing Establishment	1 parking space per 45 m ² of gross floor area
Private Club	1 parking space per 10 m ² of gross floor area
Recycling Establishment	1 parking space per 45 m ² of gross floor area
Repair Shop	1 parking space per 45 m ² of gross floor area
Research Laboratory	1 parking space per 45 m ² of gross floor area
Restaurant	1 space per 3 seats
Restaurant, Take Out and Drive Through	5 parking spaces per 20 m ² of gross floor area
Retail Store	1 space plus 1 parking space per 20 m ² of gross floor area
Retirement Home	1 space per unit plus 0.5 visitor parking spaces for every 3 units
Saw Mill or Planing Mill	1 parking space per 45 m ² of gross floor area
School	3 spaces plus 1.25 parking spaces per classroom for elementary schools; 3 spaces plus 4.25 parking spaces per classroom for secondary schools
Service Shop, Light	1 parking space per 20 m ² of gross floor area
Supermarket	1 parking space per 20 m ² of gross floor area
Theatre	1 parking space per 3 seats
Timeshare Establishment	1.5 parking spaces per timeshare unit
Transportation Terminal	1 parking space per 100 m ² of gross floor area for the first 5,000 m ² and then 1 parking space per 200 m ² of gross floor area for any remaining gross floor area
Veterinary Clinic	3 parking spaces per practitioner
Warehouse	1 parking space per 100 m ² of gross floor area for the first 5,000 m ² and then 1 parking space per 200 m ² of gross floor area for any remaining gross floor area
All other uses unless specified	1 parking space per 10 m ² of gross floor area

2.12.3 Number of Barrier-free Spaces Required

The total number of required parking spaces shall include barrier-free parking spaces. The number of barrier-free parking spaces for non-residential uses, and multi-residential uses with 4 or more dwelling units, shall be provided in compliance with the following:

Total Number of Required Parking Spaces	Minimum Number of Barrier-free Parking Spaces Required
1 - 25	1 space
26 - 50	2 spaces
51 - 75	3 spaces
76 - 100	4 spaces
101 - 150	5 spaces
151 - 200	6 spaces
201 - 300	7 spaces
301 - 400	8 spaces
401 - 500	9 spaces
501 - 1,000	2% of total spaces required
1,001 and greater	20 plus, 1 for each additional 100 spaces

2.12.4 Number of Loading Spaces Required

Where any new development occurs or when any existing use is changed, enlarged, or increased in capacity, off-street loading spaces shall be provided.

Industrial and Commercial Uses	Number of Loading Spaces Required
Sized 300 m ² GFA or less	1 space
Sized between 301 m ² and 2299 m ² GFA	2 spaces
Sized 2300 m ² GFA or greater	3 spaces
For every 1000 m ² above 2300 m ² GFA	1 additional space

Multi-unit Residential Uses	Number of Loading Spaces Required
With 9 or fewer dwelling units	No spaces
With 10 to 29 dwellings units	1 space
For every 30 dwelling units above the first 30 dwelling units	1 additional space

Institutional Uses	Number of Loading Spaces Required
With 29 or fewer occupants	No spaces
With 30 to 119 occupants	1 space
For every 120 occupants above the first 120 occupants	1 additional space

2.13 DESIGN OF PARKING AREAS & DRIVEWAYS

The following design criteria shall apply to all parking areas.

2.13.1 Size of Required Spaces, Aisle Widths, Driveway Widths

Minimum Parking Space Size	3 m wide and 6 m long
----------------------------	-----------------------

Minimum Barrier-free Parking Space Size	4.6 m wide and 6m long
Minimum Loading Space Size	3.5 m wide and 9 m long
Minimum Parking/Loading Vertical Clearance	4 m high
Minimum Aisle Width	7 m
Maximum Driveway Width	9 m

2.13.2 Number of Driveways Permitted

There shall be no more than one driveway to a public street per lot in a settlement area that contains a single-detached, semi-detached, duplex or townhouse dwelling, other than a condominium development.

There shall be no more than two driveways to a public street per lot outside a settlement area provided that:

- a) the driveways on the same lot are separated by 50 meters from one another;
- b) The other provisions of this By-law are met; and,
- c) Approval by the responsible road authority is obtained.

2.13.3 Permitted Locations of Driveways

No driveway shall be located within 9.0 m of the intersection of the front lot line and the exterior side lot line on a corner lot.

No driveway shall be located closer than 1.0 m to any lot line except for a shared driveway, and with the exception that the access to the parking area may cross a lot line.

2.13.4 Permitted Locations for Parking Areas

All parking areas shall be setback a minimum of 1.0 m from all lot line in all zones.

Parking areas, whether temporary or permanent, serving single-detached, semi-detached, duplex and townhouse dwellings shall:

- a) Not be located on the landscaped open space portion of a front yard and/or side yard.
- b) Not cover an area larger than forty percent (40%) for a single-detached, semi-detached and duplex dwelling or fifty percent (50%) for a townhouse dwelling of the total area of the front yard and/or side yard in which the parking area is located.

2.13.5 Permitted Locations for Loading Spaces

Loading spaces must be located to the rear of the front wall of the main building and on the same lot as the use, or combination of uses, requiring the loading spaces.

Loading spaces shall be setback a minimum distance of 10.0 metres from any residential zone boundary or a residential use lot line, other than residential uses

that are located within a commercial or industrial building or that require the provision of a loading space.

Loading spaces shall be located no closer than 1.0 m to any lot line in non-residential zones with the exception that the access to the loading space may cross a lot line.

2.13.6 Requirement for Parking Area Finishing

Except for parking areas serving single-detached, semi-detached, duplex and townhouse dwellings:

- Parking areas shall be fully equipped with curbing, wheel stops, or other devices, to prevent vehicles from being parked or driven into required yards, into adjacent buildings or structures, or onto landscaped open space.
- Individual parking and loading spaces shall be appropriately marked, using high contrast line painting or masonry delineation. Parking and loading spaces not provided on a hard surface must be delineated by individual curb stops, barriers, or another similar device.

2.13.6.1 Parking Areas within Settlement Areas

Within a settlement area, all parking areas must be constructed with a hard surface. This requirement applies to all uses, including single-detached, semi-detached, duplex and townhouse dwellings.

2.13.6.2 Parking Areas outside of Settlement Areas

Outside of a settlement area, parking areas are permitted to be constructed of gravel or crushed stone.

Except for parking areas serving single-detached, semi-detached, duplex and townhouse dwellings, the following shall apply to parking areas outside of settlement areas:

- All entrances must be constructed to match the surfacing of the fronting road. If the fronting road is hard surfaced, then the entrance shall be hard surfaced from the road's edge extending 2.0 m into the development lands.
- Any portion of a parking area located within 30 m of a residential use lot line or zone boundary shall be constructed with a hard surface.

2.13.7 Parking Area Snow Storage

An area equal to twenty percent (20%) of a parking area for four (4) or more vehicles shall be identified on site and used for snow storage. The snow storage area must be located in a landscaped open space area or other area not dedicated to another use or feature.

Notwithstanding this requirement, where sufficient lot area cannot be allocated on site for snow storage, a development agreement can be used to account for a snow storage area deficiency of up to twenty-five percent (25%) by establishing the requirement that surplus snow be trucked off-site, without the need to amend this By-law. A development agreement alone cannot be used to account for a snow storage area deficiency of greater than twenty-five percent (25%).

2.13.8 Illumination of Parking Areas

All parking areas shall be adequately illuminated during the hours of use. Lighting fixtures shall be arranged so that no part of any fixture shall be more than 8 metres above the finished grade. Fixtures shall be dark-sky compliant, and shall be directed away from adjacent residential uses.

2.14 PARKING PROVIDED ON ADJACENT LOTS

Up to fifty percent (50%) of the off-street parking spaces required of a non-residential principal use may be located on a lot other than a lot on which the principal use is located, provided that:

- the area lies within 150 m of the principal use; and
- the spaces are secured through an easement registered on title of the lands.

The easement shall be a permanent easement although it may contain a clause allowing for modification or termination upon the removal of the use and building requiring the parking spaces with the written consent of the Township.

Parking spaces required for accessory residential uses must be provided on-site.

2.15 HISTORIC DOWNTOWN PARKING & LOADING EXCEPTIONS

Notwithstanding the parking and loading space and snow storage requirements of this By-law, in the Historic Downtown Commercial Areas, identified in Schedule "C" to this By-law, the amount of parking and loading space and snow storage required for any commercial use of the existing commercial gross floor area shall be equivalent to the amount of parking and loading space provided, or available, on the lot at the time of adoption of this By-law.

The parking requirement for any accessory dwelling units existing at the time of this By-law shall be equivalent to that provided, or available, on the lot at the time of adoption of this By-law.

Any new residential use accessory to a commercial use shall be required to provide a minimum of 2 parking spaces per dwelling unit on the same lot.

Existing commercial uses and commercial reconstructions may expand the total gross floor area devoted to commercial uses by up to thirty percent (30%) without a requirement to provide additional parking or loading spaces. Any increase exceeding this threshold shall require the provision of additional parking and loading spaces in accordance with the parking requirement provisions of this By-law. Where this is not feasible, the owner may pay cash-in-lieu to the Township in accordance with the procedures and fees in effect at the time of expansion.

2.16 SHARED PARKING FACILITIES FOR INSTITUTIONAL FACILITIES

Parking spaces shall be reserved for the sole use of the occupants and visitors of the building or lot which the parking spaces serve, provided that no more than fifty percent (50%) of the parking space requirement for places of public assembly may be satisfied by obtaining the right to use the parking spaces of business establishments whose buildings or lots are not in use at or during the time of public assembly and whose parking spaces lie within 100 metres of the place of the public assembly. Such right to use must be established on title for the life of the use and

shall be subject to an agreement entered into, with and to the satisfaction of the Township.

2.17 SHARED ENTRY REGISTERED ON TITLE

In Commercial and Industrial Zones, the required lane for entrance and exit and required aisles may be shared provided that rights-of-way are registered on title and such shared entrances are approved by the Township through site plan control. The Township may also require a shared entry, or provision therefore, to be provided as a component of a development approval regardless of whether such entry is immediately required.

2.18 SIGHT TRIANGLES

The following items are prohibited within a designated sight triangle:

- A building or structure.
- A fence or tree, hedge, bush, or other vegetation, the top of which exceeds 0.5 metres in height above the elevation of the centerline of the adjacent street.
- A parking area.

Where a building, structure, parking area, vegetation or other appurtenance is existing and the requirement for a sight triangle is subsequently established, arrangements must be made to the satisfaction of the Responsible Road Authority regarding the requirement to remove or ability to retain items not in compliance with the sight triangle requirements of this By-law and/or said authority.

2.19 QUEUING REQUIREMENTS

The following provisions shall apply to commercial drive-through facilities and shall not apply to industrial loading areas such as those associated with asphalt plants, concrete batching plants and industrial vehicle weigh scales.

Adjacent residential uses shall be screened from inappropriate noise from idling vehicles, audio equipment, or mechanical equipment through the use of physical sound barriers.

Number of On-Site Stacking Spaces Required	Drive-thru Restaurant: Minimum 10 spaces Car Wash: Minimum 2 spaces per wash bay All Other Uses: Minimum 5 spaces
Stacking Space Size	Each car space shall be a minimum of 2.5 metres wide by 5.5 metres long.
Use Separations	A stacking lane shall be setback: <ul style="list-style-type: none">▪ 5.0 m from adjacent residential use lot lines or zone boundaries.▪ 3.0 m from adjacent street lines and lot lines or zone boundaries for all other uses.

2.20 VEHICLE PARKING STANDARDS

These provisions of this Section shall not apply to prevent the parking of operable and licensed (where applicable) farm vehicles used in accordance with normal farm practices for a bone-fide farm operation.

2.20.1 General Vehicle Parking Standards

Where outdoor storage or outdoor display and sales are permitted as part of a permitted use or as a primary use in a given zone, vehicles may be parked/stored as part of these uses in accordance with the provisions governing outdoor storage and outdoor display and sales and shall meet all other provisions of this By-law.

Required parking and loading spaces shall not be used to park/store vehicles or equipment intended for sale, rental or repair, nor shall they be used for the storing of impounded, wrecked, or otherwise inoperable vehicles.

2.20.2 Commercial Vehicle Parking Standards

Other than for the occasional temporary purposes of delivering a product or service to the owner or occupant of a lot, the parking of commercial vehicles in excess of 3,000 kilograms gross vehicle weight or in a medium or heavy duty class, is prohibited as an accessory to a residential use. This includes parking on lots as well as Township roads.

In Rural and Agricultural zones, a maximum of one (1) school bus or other commercial vehicle in excess of 3,000 kilograms gross vehicle weight or in a medium or heavy duty class is permitted to be parked on a lot as an accessory use to a single-detached dwelling provided the vehicle is driven or owned by an occupant of the dwelling unit and is licensed and operable. In this context, a parked commercial vehicle shall be required to meet the regulations of an accessory building, except that it shall be allowed to be located in a parking space.

2.20.3 Recreational Vehicle Parking Standards

A maximum of two (2) recreational vehicles are permitted to be parked outside on a lot as an accessory to a residential use, provided the recreational vehicles are licensed, operable and are owned by an occupant of the dwelling unit.

A parked recreational vehicle shall be required to meet the regulations of an accessory building, except that it shall be allowed to be located in a parking space.

2.20.4 Personal Vehicle Parking Standards

A maximum of four (4) vehicles per dwelling with a maximum of two (2) additional vehicles for any accessory apartment may be regularly parked outside on a residential lot that is occupied by a dwelling unit. Any vehicles regularly parked on a residential lot shall be owned by an occupant of the dwelling(s) on the lot, and shall be licensed and operable.

This limitation incorporates parking spaces required for a home occupation, home industry, and home daycare but does not limit the number of parking spaces for a bed and breakfast where the total number of spaces that may be provided for a dwelling is a maximum of six (6) spaces.

2.21 MINIMUM DISTANCE SEPARATION

All development outside of a settlement area shall comply with the Minimum Distance Separation (MDS) Document (Publication 853).

For clarity, the following provisions shall apply to development outside of settlement areas where the MDS Document has allowed for optional application of MDS requirements:

- a) MDS I setbacks are required for new dwellings on all lots, regardless of the lot creation date. Where the MDS setback cannot be met, a dwelling may be permitted through the approval of a minor variance provided that the dwelling be located as close in conformity with the MDS setback requirement as possible.
- b) For a proposed severance of a residence surplus to a farming operation, an MDS I setback is not required where the existing dwelling to be severed and the nearby livestock facility or anaerobic digester are located on separate lots prior to the consent.
- c) MDS I and II setbacks are not required between first or altered livestock facilities or anaerobic digesters and commercial and industrial uses permitted within the AGI and AGC zones.
- d) Inactive cemeteries and active cemeteries outside of a settlement area shall be considered Type A land uses for the purposes of calculating MDS II setbacks for first or altered livestock facilities or anaerobic digesters.

2.22 OUTDOOR DISPLAY AND SALES

Where primary or accessory outdoor display and sales are permitted, the following provisions shall apply unless otherwise indicated in this By-law.

An area devoted to outdoor display and sales shall:

- a) Be permitted to encroach into a required front or exterior side yard, but shall not be situated closer than 6.0 m to the front or exterior side lot line.
- b) Be permitted to encroach into a required rear or interior side yard, but shall not be situated closer than 3.0 m to a rear or interior side lot line.
- c) Be permitted to a total lot area dedicated to outdoor display and sales as follows:
 - Accessory outdoor display and sales area(s) shall not be sized any greater than ten percent (10%) of the total ground floor area of the primary buildings on the lot.
 - Primary outdoor display and sales area(s) shall be sized in accordance with the limitations imposed by the maximum lot coverage of the pertinent zone.
- d) Meet all other provisions of the pertinent zone, including height and lot coverage.
- e) Be located in area(s) dedicated to outdoor display and sales, and shall not encumber or encroach into any required parking area, required landscape buffers or screens, or any other required feature or area.

2.22.1 Outdoor Display and Sales of Barbeque Propane Tanks

A barbeque-type propane gas cylinder (no greater than 9.5 kilograms in weight and intended for residential use) display, sales, or exchange cage shall only be permitted as an accessory to industrial and commercial uses. A barbeque propane tank storage and display structure shall:

- a) Have a minimum setback of 15 metres from a residential zone boundary or residential use lot line.
- b) Not interfere with pedestrian or vehicular access and be protected from vehicles by bollards or similar.
- c) Comply with all other provisions of this By-law and Provincial legislation, regulations and standards. In the instance of a conflict between provisions, the greater, more restrictive requirement shall apply.

2.23 OUTDOOR STORAGE

Where primary or accessory outdoor storage is permitted, the following provisions shall apply unless otherwise indicated in this By-law.

An area devoted to outdoor storage shall:

- a) Not be located closer to a front or exterior side lot line than the front or exterior side wall of a primary building on the lot.
- b) Meet all provisions of the pertinent zone, including setbacks, height and lot coverage.
- c) Be permitted to a total lot area dedicated to outdoor storage as follows:
 - Accessory outdoor storage area(s) shall not be sized any greater than twenty percent (20%) of the total ground floor area of the primary buildings on the lot.
 - Primary outdoor storage area(s) shall be sized in accordance with the limitations imposed by the maximum lot coverage of the pertinent zone.
- d) Be located in area(s) dedicated to outdoor storage, and shall not encumber or encroach into any required parking area, required landscape buffers or screens, or any other required feature or area.
- e) Be fully screened in accordance with the landscaping provisions of this By-law.

The provisions of this section do not apply to agricultural outdoor storage conducted in accordance with normal farm practices for a bona-fide farm operation.

2.24 RESTAURANT PATIO PROVISIONS

A restaurant patio shall be temporary or seasonal and shall be permitted as an accessory to a primary commercial use.

- a) A restaurant patio shall not exceed thirty five percent (35%) of the gross floor area of the restaurant to which it is accessory.
- b) A restaurant patio abutting or within 3.0 m of a public right-of-way shall have a floor or deck area no greater than 1.0 m above ground level.

- c) No additional parking is required for a temporary or seasonal patio with 12 seats or less.
- d) A restaurant patio shall be setback 10 m from a residential zone and any ground floor residential use.

2.25 RENEWABLE ENERGY FACILITIES

For the purposes of this By-law, renewable energy facilities shall be solar and wind energy based facilities. Any other type of facilities shall only be permitted through adoption of a comprehensive amendment to this By-law.

A solar based energy system intended to serve an individual building or group of buildings on a single property shall be considered to be part of the structural and mechanical components of such a building or group of buildings and shall be subject to the applicable provisions, including maximum height, on this basis. Where not part of, or attached to a building, such facilities shall be considered to be accessory structures and shall be subject to the provisions applying to accessory structures including applicable general provisions and zone provisions.

Where a solar based energy system is intended to serve more than one property such a use shall only be permitted through adoption of a comprehensive amendment to this By-law.

A wind based energy system with rotors located more than 12 metres above grade intended to serve an individual property shall only be permitted where the following provisions are complied with:

- a) The lot area is greater than 2 ha;
- b) The tower, turbine, and turbine blades shall not exceed a cumulative height of 30 m;
- c) The facility shall be located a minimum of 1.25 times the total height of the facility from the nearest lot line; and,
- d) The facility shall be operated and maintained in good working order so as not to cause a hazard or annoyance to neighbouring property owners.

Where rotors are located less than 12 metres above grade, the facility shall be considered to be part of the normal fixtures of the building on a basis similar to, and in accordance with, the same requirements as a solar energy collection system serving a single property. The facility shall be operated and maintained in good working order so as not to cause a hazard or annoyance to neighbouring property owners.

A wind energy facility intended to serve more than one property shall only be permitted where the following provisions are complied with:

- The adoption of a comprehensive amendment to this By-law;
- Minimum setback from an on-site dwelling shall be equal to the height of facility;
- Minimum setback from an off-site dwelling, institutional use, recreational building, or campground or trailer park shall be the height of the facility plus 350 metres;

- Minimum setback from an Environmental Protection Area shall be equal to the height of the facility;
- Minimum setback from a street shall be equal to the height of the facility; and,
- Minimum lot area shall be 20 ha.

2.26 SETBACK FROM SLOPES

No building or structure shall be located closer than 15 m from the top or toe of a slope having a grade of 3:1 or steeper.

2.27 SETBACK FROM A RAILWAY

No dwelling shall be erected closer than 30.0 m from the property boundary of an existing or proposed rail line right-of-way.

2.28 SETBACK FROM A COUNTY ROAD OR PROVINCIAL HIGHWAY

2.28.1 County Roads

In addition to those setbacks required under this Zoning By-law, where a lot abuts a road under the jurisdiction of the County of Simcoe, the setbacks required by the County of Simcoe shall also apply.

2.28.2 Provincial Highways

In addition to those setbacks required under this Zoning By-law, where a lot abuts a provincial highway, the setbacks required by the Ministry of Transportation shall also apply.

2.29 TEMPORARY USES

Nothing in this By-law shall prevent temporary structures requiring building permits, such as tents, erected for special occasions and holidays by individual landowners for their own use (which shall include use by social guests) provided only that no such use remains in place more than seven (7) consecutive days, and on no more than three (3) separate occasions per year, and provided that such structures comply with the provisions of the zone other than that coverage may be temporarily exceeded.

Nothing in this By-law shall prevent the occupation of an existing dwelling or travel trailer/motorhome on a property while a second dwelling is being constructed, as long as the owner has entered into an agreement with the Municipality., which provides that no more than one dwelling will be occupied at a time and which establishes requirements, including site rehabilitation and securities, for the removal or conversion to a non-residential uses of the existing dwelling upon occupation of the new dwelling, or for the removal of unfinished construction within a specified timeframe.

Notwithstanding the permitted uses of this By-law, the temporary provision of a model home or residential sales office is permitted on the draft plan lands regardless of the zone, as long as the owner has entered into an agreement with

the Municipality. Each model home and/or sales office shall provide a minimum of four (4) parking spaces.

2.30 YARD AND GARAGE SALES & AUCTIONS

Yard and garage sales are permitted as an accessory use in all Residential Zones and in association with any residential use. Yard and garage sales shall include outside storage and display only during the permitted period of the yard or garage sale. Yard and garage sale accessory uses shall be limited to no more than four (4) occurrences per year. Each occurrence shall be limited to a period no greater than seventy-two (72) hours in duration.

Auction sales are permitted as an accessory use in all zones. Auction sales may include outside storage and display only during the permitted period of the auction sale. Auction sales shall be limited to no more than four (4) occurrences per year. Each occurrence shall be limited to a period no greater than seventy-two (72) hours in duration.

These limitations shall in no way be applied to any auction or sales activity where the lands are zoned to permit a commercial use and the auction or sales activity is associated with, and a normal activity of, the commercially zoned establishment.

2.31 PUBLIC AND RECREATIONAL USES

2.31.1 Public Uses

The requirements and provisions of this By-law shall not apply to prevent the use of any land, building, or structure by any public or similar authority to provide utilities as defined by this By-law.

Where occurring as accessory structures, utilities shall not be subject to yard or coverage provisions. Where utilities incorporate a building, the building shall be subject to all applicable provisions of the By-law, including yards and coverage.

2.31.2 Recreational Uses

The provisions of this By-law shall not apply to prevent the use of any land, building, or structure by any public or similar authority to provide a trail, park, playground, or similar public recreational use not requiring a building.

2.32 USES PERMITTED IN ALL ZONES

Uses permitted in all zones include:

- Conservation uses, including forestry conducted in accordance with good forestry practices, and other activities connected with the conservation of soil and wildlife.
- Areas for informal walking, horseback riding, cross-country skiing, and passive recreational use.
- Public parks and playgrounds.
- Archaeological activities.

However, this permission does not include the erection of new buildings.

2.33 USES PROHIBITED IN ALL ZONES

Any use which is not a permitted use in accordance with this By-law is a prohibited use.

Unless specifically permitted in a given zone or in a general provision of this By-law, the following uses are prohibited within the corporate limits of the Township of Clearview:

- a) The use of any recreational vehicle for human habitation, except where such vehicle is located in a permitted camping establishment, trailer park, or mobile home park where habitation is temporary or seasonal in nature.
- b) The use of any portable structure, vehicle, cargo container, street or rail car, or accessory building/structure for human habitation, except where an accessory apartment is permitted to be located in a detached building.
- c) The use of any portable structure, vehicle, cargo container, or street or rail car for storage or sales, except where a license has been issued for vending only of merchandise or food, for a particular operation and at a particular location in accordance with License By-law 14-42.
- d) The parking or storage of any portable structure, vehicle, cargo container, or street or rail car on a vacant lot.
- e) The parking or storage of derelict or unlicensed vehicles.
- f) The outdoor storage of vehicles or parts of vehicles other than in a permitted wrecking or scrap yard.
- g) Outdoor furnaces in a Residential Zone or within 30 metres of the lot line of a lot containing a Residential Zone or residential use.
- h) Noxious uses.
- i) Tracks, parks, or other areas developed for the racing, jumping or running of vehicles unless specifically permitted by this By-law. This is not intended to interfere with any lawful use of a public road or highway, or enjoyment of private property by the owners or tenants of such property or the use of an organized trail approved by the Township.
- j) The manufacturing, refining, rendering, bulk storage or distillation of fertilizers, oil, glue from organic sources, acids, ammonia, chlorine, coal, creosote, explosives, petroleum, tar, fireworks, ammunition, glue, petroleum, tar, or other hazardous materials unless specifically permitted as a use in this By-law or stored for sale in direct association with a permitted use in the Zone and on the property on which the permitted use occurs.
- k) The bulk storage of industrial chemicals and the storage of radioactive, hazardous waste, hazardous biological waste, or liquid industrial waste unless specifically permitted by this By-law or stored for sale in direct association with a permitted use in the Zone and on the property on which the permitted use occurs.
- l) The manufacturing or bulk storage of combustible, explosive, inflammable, or dangerous liquids, gases, or materials unless specifically permitted as a use in this By-law or stored for sale in direct association with a permitted use in the Zone and on the property on which the permitted use occurs.

m) Rendering of fats or animal products, a tannery, or an abattoir unless specifically permitted.
